	12	Bugs Exhibition @ Nelson Museum
	15	Last day of Term 4, 2017
January	30	First day of Term 1, 2018

Dear Parents, Caregivers and Friends,

Last Friday saw the **Pelorus Cluster Athletics** event happening at the Havelock Domain. The weather was great and all students participated in a variety of activities i.e. high jump, long jump, obstacle course, discus, shot put, quoit throw, sprint races and a 100 metre race. I was very proud of all students who ran in the 50 and 100 metre races. The Canvastown, red and white shirts, seemed to be leading the field in all Year group heats. Points were collated to assess the winning school with Havelock coming in 1st, Canvastown 2nd, Waitaria Bay 3rd, Rai Valley 4th and Linkwater 5th. Well done Canvastown! Your expertise and determination shone through on the day!

Art/Science Workshop – A scientist and an artist delivered two very interesting talks to our students about the environment and Antarctica on Monday afternoon. Then, in pairs, the children used rope and cable ties to recreate creatures or plants they had seen in these visual presentations. These were then all connected together and at some point in early 2018, all participating schools works will be put on display on the lawn of the Suter Gallery in Nelson. We look forward to visiting and finding our creative works of art in the near future!

We are travelling to Havelock School next Tuesday morning to watch a **Puppet Show performance**. It runs from 9.15-10.15 am and we will require transport there and back. Please fill in the attached form and return to school by Friday morning, if you are able to help. You are most welcome to stay and enjoy the performance. The PTA is funding this event.

We would like to say a big **“Thank You” to Grant and Christine Fisk, from Havelock 4 Square**, for their generous donation of a carton of tissues for the school. It is greatly appreciated.

Touch Rugby – (Jude, Ayden, Griffin, Sarah, Charlie, Alice, Kane, Boyd) Another win for the ace team – 5-1 against Bohally! Well done all of you!

Cricket – (Griffin, Damon, Luke) A winning game once again for the boys! 85-77 runs achieved! Best of luck for this week's game!

Reading Nights – Congratulations to **Josh Johnsen** for achieving 125 nights of reading. Well done Josh!

Birthdays – **Jessica Jackson** and **Leah Jones** are turning 7 years old today, 22nd November.

We wish both of you a very Happy Birthday for your special day!

Have a good week
Karen Kellaway

Inspiring positive change for our kids and community

Not many people can make a subject like neuroscience burst into life. Nathan Mikaere Wallis does this with ease whilst also giving 1000 useful ways to put this knowledge into practice in our daily lives.

Nathan speaks with a unique blend of humour and plain language to make this complex topic accessible to us all. He will explain the importance of the first 1000 days of child development, how to deal with a teenager, how our brains change as we age and so much more. Nathan provides an insight in to how our day-to-day interactions play a critical role in defining later outcomes in all our lives.

Open to Everyone!
