## Matai Bay Hut News.

The end of the year has come around so quickly. 2015 has been a very successful year for the hut. The end of year reports have been completed for the TIBC and Peter will present these to the AGM on the 28th December.

We have had some very good bookings throughout the year, with very little problems. The number of nights usage has been in comparison with previous years, which is very pleasing to see.

The Annual "spring clean" was completed on the 22nd November. This keeps our little gem looking sparkly and in a pristine condition.

Rick Edmonds is presently working on a interruption panel which includes birds of the area which you as a visitor, are likely to see at Matai Bay.

The TIBC are presently reviewing "Terms of Reference" for the Matai Bay sub-committee.

Picnic Day on the 2nd January will see us at the Betty Archer Reserve in Penzance Bay with a display of both Matai Bay and the Tennyson Inlet Islands Trust. If you would like to assist us on the day, your help would be appreciated.

We have calendars for sale at present. These are selling well with great feedback. There is some stunning photography in these calendars each year. These are great for sending overseas, promoting our delightful sounds area and the hut, with reports this year of them going to Germany, Hong Kong, South America, Australia and Scotland.

Have you purchased yours yet? Please support our only fund raising venture for the year.

Contact Beryl, Jane, Linda or Pete & Caro for yours. We will happily deliver to you with payment being able to be made by direct credit.

Newsletters will be forwarded by email as with the TIBC Newsletter. For those supporters who are not TIBC Members, you will still receive yours by email or snail mail as you have in the past. Please print this off and leave on the coffee table for others to read. You don't need to print the whole copy. Just select the pages required to be printed by the page number.
